

## Free - Discovering Wildlife - Family Workshop

You are warmly invited to join us for a free Discovering Wildlife family workshop, for children and their adults, on:

**Friday 8th August 2025 2pm-4pm**

Cuppa/fruit juice available from 1:45pm. At:

**Yr Ardd Community Garden, Pont-Tyweli**

The workshop is run by:

**West Wales Biodiversity Information Centre (WWBIC).**

We will have plenty of bug viewing pots, hand-lenses and nets as well as laminated cards with easy to identify animals and plants for children and their adults to go off and find. We will also do pond dipping. The session will be quite informal and we can tailor different activities to different adult/children groups depending on their age and interest.

The adults can help their children explore the activities while the tutor helps the different groups along. We will keep a tally of the number of species found.

***Please note that children under 16 years of age must be supervised by their adults at all times.***

Places are limited, so please reply as soon as possible to secure a place on the workshop by emailing Sarah on

[capeldewi@energylocal.org.uk](mailto:capeldewi@energylocal.org.uk) Please let me know the number of adults and children (and the children's ages) who would like to attend. And also if there are any particular wildlife interests you would like to explore.

- There are good access paths in Yr Ardd.
- The workshop will be held in the medium of English.
